Just Hold Her

A Foster Mother's Memoir of Medicine, Caregiving,
and the Long Nights Together

They were asked to take in a baby not expected to survive.
"Would you, please... just hold her until she dies?"

They said yes.

What followed was not dramatic. It was daily.
Diaper. Reading. Injection. Feeding.
Every two hours. Through the night. For months.

Just Hold Her is a story about the quiet work of caregiving, and what it means to stay when there is no clear outcome.

ABOUT THE AUTHOR

Judy Wright fostered fifty-five children over twelve years alongside her husband, John. In 2012, they were named Michigan Foster Parents of the Year by the Michigan Supreme Court. She now lives in Raleigh, North Carolina.
